Jeddah (ability to move to another city)

Dear hire manager,

As a driven, industrious, and emerging professional, I firmly believe that my contributions to the computer science role will create a positive impact in this job.

I am graduated from King Abdulaziz university with a Bachelor of Science in Computer Science, and I believe my background has prepared me to bring continued success to your organization.

I am an aspiring leader and offer key strengths in communication, decision-making and problem-solving. With a strong commitment to progress and goal-achievement, I am well-versed at streamlining processes, driving efficiency, and encouraging team performance.

My educational background has given me a solid understanding of IT Industry, relevant qualifications include my Bachelor of Science in Computer Science. Most recently I worked as cyber security intern for Aramco, in this role, I was responsible for internet and email gateway security. Here I refined my problem solving and fast learning skills and got recommendation that prove my manger feedback, with these skills and qualifications, I believe this opportunity would be a great addition to my career.

Thank you for your time and consideration of my qualifications regarding the opportunity.
