### **TO WHOM MAY THIS CONCERN**

In recognition of Abdullah A Al-Fares excellent job performance and significant contribution to the Network Security Group in Security Intelligence Center Division, I would like to express our appreciation for his efforts and dedication during his assignment as a summer student with our organization from June 13, 2021 until August 31, 2021.

He worked efficiently while maintaining a clear focus on the overall objective of his assignment. Abdullah has proven to be highly dependable, displayed a high level of dedication, and prompt skills for problem solving. During his assignment, Abdullah established himself as a key player in the team and as a result, he was assigned to work on challenging security tasks such as:

**1- E-Mail Gateway Security:**

- Classify the spam emails and block them accordingly.
- Classify the phishing e-mails and report them.
- Generate the Anti-Spam Report (Daily & Weekly) and share it with Security Operations Center and the other concerned organizations.

**2- Web Gateway Security:**

- Analyze the website categories, assess and take the necessary action.
- Handle all the website access requests.

**3- Emerging Technology Evaluation**

- DNS Advanced Security.
- Advanced Artificial Intelligence Technology.

Abdullah is highly motivated and resourceful, and has proven his ability to complete all tasks with minimum directions. He is also a team player and gets along extremely well with his colleagues.

Abdullah's exceptional contributions were highly valued and appreciated by all team members. I wish him more success in future endeavors. I feel confident that he has a bright and promising future ahead of him and would be an asset to any organization.

I wish him the best of success in his future assignments and a pleasant career.
